SEARCH ELIGIBLE EQUIPMENT

The Public Service Commission of Wisconsin (PSC) is an independent regulatory agency dedicated to serving the public interest. Since 1907, the agency is responsible for the regulation of Wisconsin public and private utilities.

Equipment shown here is intended to show examples of some eligible products available and does not represent all qualifying equipment. TEPP-approved vendors and products vary and are subject to change. PSC does not endorse or recommend products.

The **Telecommunications Equipment Purchase Program (TEPP)** is a program that helps people with disabilities to buy specialized equipment they need in order to use basic telephone services. Financial assistance is provided to help offset the cost.

TEPP is funded by the **Wisconsin Universal Service Fund (USF)**, established by the Public Service Commission of Wisconsin (PSC). Services made possible through the USF are funded by Wisconsin telephone providers which helps pay for the equipment.

To receive financial assistance for purchasing telecommunications equipment, an application must be submitted for approval. **To be eligible, you must also meet all of the following criteria:**

1

Be a **Wisconsin resident**.

2

Be a person who is **Hard of Hearing, Severely Hard of Hearing or Deaf**, has a **Speech Disability**, or has a **Mobility/Motion Disability**.

3

Have a need for special equipment in order to **communicate** in the home or when traveling.

Take note:

- Only **one TEPP voucher per person every three years** for the same disability is allowed.
- There is **no limit for age or income** to be eligible.

How much do I have to pay?

You are responsible for a **\$100 co-pay**. The voucher pays for the rest!* If you choose to purchase equipment that costs more than the voucher amount and \$100 co-pay, you are responsible for the difference in cost.

EXAMPLE

If your disability category is **Deaf or Severely Hard of Hearing**, you qualify for a **\$800 voucher**. If the equipment you wish to purchase costs \$918, **your total out-of-pocket cost is \$118**.

*Up to the maximum voucher amount.

What does the process look like?

1

Apply for the TEPP voucher.

2

Contact an approved TEPP vendor and select qualifying equipment.

3

Use the approved voucher to purchase your equipment; and

4

Pay \$100 co-pay and any additional out-of-pocket costs (if applicable).

5

Receive new equipment!

Vouchers explained

The qualified amount is based on your disability. You must first identify on the application form your disability category. This will determine which voucher amount you are eligible for. Vouchers are mailed once the application is approved.

DISABILITY CATEGORY	VOUCHER AMOUNT
Hard of Hearing (<i>no co-payment required</i>)	\$100
Severely Hard of Hearing or Deaf	\$800
Speech Disability	\$1,600
Mobility or Motion Disability	\$1,600
Severely Hard of Hearing or Deaf and Low Vision	\$2,500
Severely Hard of Hearing or Deaf and Blind	\$7,200

Did you know?

Your voucher pays for the equipment of your choice, and USF reimburses the TEPP vendor the approved voucher amount.

Vouchers must be used within 120 days (4 months) of the date issued or they expire.

What if I can't afford the \$100 co-pay?

The **Telecommunications Assistance Program (TAP)** may be able to pay the \$100 co-pay. TAP is a funding program of the Office for the Deaf and Hard of Hearing (Department of Health Services). Only persons who are Deaf or Severely Hard of Hearing in a low-income household are eligible.

If your total household income meets the TAP income criteria, and you provide proof of hearing loss, TAP funds will provide the \$100 co-pay. Both TEPP and TAP applications will be processed together and the \$100 co-pay will be combined with the voucher.

For more information or to apply for the TAP, visit dhs.wisconsin.gov/odhh/tap.htm to access/download the application, or you can contact the Office for the Deaf and Hard of Hearing directly by calling (608) 267-7195.
